Dear Customer!

We launch four new stamp issues in April.

We have supplied almost 6 million personalised postage stamps since they were introduced in 2006. New frames which cover domestic and European postage will be issued on 20 April. As usual, we will issue the stamps with a philatelic motif for collectors. Kristin Slotterøy, one of Norway Post's own designers, has designed the stamps. She decided to work with Instagram pictures.

The theme for this year's Europa-stamps is bridges. We have chosen the Hardanger bridge, the longest suspension bridge in Norway, to represent our country. Jørn O. Jøntvedt designed this beautiful miniature sheet.

The Nordic stamps are based on the theme of «Fish in Nordic waters» this year. Martin Mörck designed the Norwegian stamp in the series, depicting a colourful perch. Mörck is a true Nordic stamp artist. He has previously created stamps for both Norway and most other Nordic countries as well.

Norges Musikkorps Forbund, the Norwegian Marching Band Association, is celebrating its centenary this year. Bands are vital to Norway. They help children and young people to learn to play instruments – a hobby that they can go on enjoying throughout their lives. And who could ever imagine a Norwegian Constitution Day celebration on 17 May without band music? 2018 has been officially named the Year of the Band, and this is being celebrated with a number of events all over the country. Kristin Granli has designed the stamps. We would like to congratulate NMF on their anniversary!

Kind regards,

Halvor Fasting
Director
