The stamps 2024

The first stamp issue next year is 5 February.

Then we mark that Bodø is the European Capital of Culture in 2024. For the city of Kongsberg's 400th anniversary, we are issuing a stamp on 28 February. This is also the date we send out the first subscription delivery in 2024.

Other themes in 2024 are underwater flora and fauna, summer festivals and in the series polar motifs stamps from Bear Island will be issued. In addition, both the Gråkallbanen tram line in Trondheim and the Raumabanen railway celebrate their 100th anniversary.

The complete stamp program for 2024 will be published in the information leaflet in February.

Dear customer!

Two new stamps are issued in booklets in the Pets / Domesticated animals series. This year the motifs are duck and rabbit. As with previous releases in this series, it is Cecilie Sørgård who has designed the beautiful motifs.

This year's Christmas stamps show churches in the winter time. Alstahaug church on Helgeland is the motif on one stamp, while Oppdal church in Trøndelag adorns the other. Ragnar Aalbu is the designer of the stamps.

2024 is just around the corner, and many exciting stamp issues lie ahead. You can see the complete stamp issue program on the last page of this magazine.

With wishes for a good pre-Christmas season.
